

FULL EVENT COVERAGE:

Hourly fee: \$100 per hour, minimum 3 hours

Image fee: \$1 per image, minimum \$150 *

Travel fee: \$ **

Minimum Print Order: \$150.00

MINI EVENT COVERAGE:

Hourly fee: \$125 per hour, minimum 2 hours

Image fee \$1 per image, minimum \$150 *

Travel fee: \$**

Minimum Print Order: \$200.00

* This image fee is AFTER a review and elimination process. I only charge you for what I print as proofs. This includes a set of 4X6 prints. See upgrade options below.

This fee is obviously a variable. I am not “shutter happy” and don’t take pictures to try and rack up this fee. I shoot with purpose since it is costly for me to spend too much time in post production looking for the best pictures when I can make sure I get the shot right at capture. To give you an idea of how many images I take, here are estimated image counts:

3 hours of coverage yields approximately 200 pictures

4 hours of coverage yields approximately 275 pictures

5 hours of coverage yields approximately 350 pictures

8 hours of coverage yields approximately 500 pictures

** Travel fee applies to any location further than 10 miles from my studio. Fee is based on round trip miles and determined by using the IRS standard mileage deduction rate of 58.5 cents per mile.

UPGRADES:

\$1.25 per image gets you a set of prints and online website for 60 days to share with friends and family. This can also be used as a vehicle through which other attendees of the event can purchase images so you don't have the burden of buying them for anyone. For events that generate less than 128 images, please be aware that the minimum price for this upgrade is \$160. For events that generate more than 160 images, the maximum charge for this upgrade is \$200.

\$2.00 per image gets you a set of prints, online website and DVD slide show of all the images from your event set to music. Comes in a leather case featuring a favorite print in a cameo opening on the case. Presented in a gift box with a bow. For events that generate less than 175 images, please be aware that the minimum price for this upgrade is \$350. No max.

\$2.50 per image gets you an online website, DVD slide show and a 7X7 hard cover press printed photo book of up to 100 of your favorite images. Duplicate copies offered at a discounted price (varies based on # pages). Please note the 4X6 prints are replaced by the photo book. For events that generate less than 160 images, please be aware that the minimum price for this upgrade is \$400. No max.

\$3.00 per image gets you all your digital images on a CD. These will be high resolution files that you can use as you wish. Any enhancements (head swaps, opening eyes, fixing skin tone or blemishes, etc.) must be paid for at full price but the edited images can be included on the CD. For events that generate less than 167 images, please be aware that the minimum price for this upgrade is \$500. No max. If you would still like any prints done by me and my professional lab after going with this upgrade, I offer them at half price.
